Victor Ruiz

Dear Chairman Genachowski:

Esperanza, Inc. is dedicated to promoting and enhancing educational and economic opportunities for the Hispanic community. We aim to motivate Hispanic children to want to achieve academic success, and we provide the resources and support to allow them to follow through. This is why I am writing to voice our support of AT&T's intentions of merging with T-Mobile. The expanded mobile broadband that will result will be an excellent way of delivering technology and educational enrichment resources to the children that our organization supports.

I ask that the Commissioners please consider the potential educational benefits to Hispanic communities when reviewing the merger of AT&T and T-Mobile. I am confident that it will greatly assist Hispanic youths in achieving academic success.

Sincerely,

Victor Ruiz, Executive Director
Esperanza, Inc.
